

48/4585 Turkey Headband Craft Kit

Be sure to have adult supervision if using a glue gun for this craft.

1. Glue the red foam waddle to the back of the yellow foam beak. Glue the completed beak to the foam turkey head as shown.
2. Lay the brown foam strip out flat. Glue the completed head to the center of the strip. Glue the foam wings onto the strip as shown.
3. Place the strip around your head marking where the foam ends overlap. Adhere the velcro pieces to where you have marked.
4. Glue the foam feathers to the inside of the foam strip near where the velcro pieces connect.
